Section 1: Types of Opportunities

1 – Auction:

An auction is a public sale in which property or goods are sold to the highest bidder. (For details on auctions, go to “More Information” tab > Details of an Auction.

2 – Qualification:

A qualification is the first stage of a two-stage tendering process whereby suppliers are invited to submit applications to qualify for the subsequent tender. In their application, suppliers may be required to submit documents regarding their experience, capability, how they are able to meet the requirements, etc. Only qualified suppliers would be able to submit a Tender Proposal for the subsequent tender.

3 – Quotation:

A quotation is a method to invite interested suppliers to submit bids and proposals for an intended procurement of goods or services with an estimated value of between \$3000 and \$90,000, excluding prevailing GST.

4 – Request for Information:

A Request for Information (RFI) is used as a means to collect written information about market capabilities and practices. Although your response to RFIs are not offers and cannot be awarded, your response may help agencies in understanding what suppliers are able to offer. Your response may also be used to assist the government agencies in formulating its requirements in subsequent tenders and quotations.

5 – Tender:

A tender is a method to invite interested suppliers to submit bids and proposals for an intended procurement of goods or services with an estimated value of more than \$90,000, excluding prevailing GST.

Section 2: Details of Open Opportunities

1. The details of the opportunity are displayed in the “Overview” tab. You will see details such as whether it is a two envelope tender (refer to More Information > Two Envelope Tender), two stage tender (refer to More Information > Two-Stage Tender), etc.

1 – Closed:

A Closed opportunity is one in which the closing date of the business opportunity has been reached and the award is either not required or is not done in GeBIZ. This applies to auctions, qualifications and requests for information.

2 – Pending Award:

An opportunity that is pending award is one that is waiting to be awarded and for the award notice to be published in GeBIZ.

3 – Awarded:

An Awarded opportunity is one that is awarded to one or more suppliers.

4 – Cancelled:

A Cancelled opportunity is one that is cancelled before the closing date of the business opportunity has been reached.

5 – No Award:

A “No Award” opportunity is one in which no supplier has been awarded.

6 - For an Awarded opportunity, you may view awarded information, e.g. the supplier to whom an opportunity has been awarded to as well as the Award Value.

Section 4: Details of Auction

The important difference between the Auction and the other types of business opportunities (e.g. tender, quotation) is that the bidding is not done in GeBIZ. Auction is only an informative opportunity in GeBIZ.

Section 5: Two Envelope Tender

The bidding process for a two envelope tender is similar to that of a normal tender. The main difference is that the supplier has to submit the technical and price attachments separately for a two envelope bid. The buyer will then assess the technical specification first before considering the price offered.

To check if a business opportunity involves two envelope bidding, find the information in the “Overview” tab where the details of the opportunity are listed below.

The screenshot shows the 'Overview' tab of a procurement system. The main content is a table of tender details. On the right side, there is a 'Closing on' box with the date and time '23 Feb 2015 12:00 PM' and the text 'Electronic Submission'. Below this is a blue 'Respond' button. At the top right, there is a black 'OPEN' button. The 'Two Envelope Bidding' field in the table is highlighted with a red border.

Section 6: Two Stage Tender

To check if a business opportunity involves a two-stage tender, find the information in the “Overview” tab where the details of the opportunity are listed below. If you see the title “This is a 1st stage Tender” or “This is a 2nd stage Tender” displayed, this indicates that the tender has undergone a two-stage tendering exercise.
