Swap Representative

The following steps illustrate how to swap an authorised representative's account to a new user.

1. Under the "Accounts" section, click on the "Swap Representative" link beside the name of the representative to be swapped.

Note:

- You can only re-assign your account to a new user, i.e. a user who does not already have an existing account in the system.
- Once you have swapped a current user account for a new user, the current user will not be able to log in thereafter. Only the new user will be able to log in.
