As announced in MOF's Committee of Supply ("COS") 2024, Tender Lite general goods and services has been implemented from end April 2024. It covers tenders with estimated procurement value not exceeding \$1 million for general goods and services. We have subsequently announced in MOF's COS 2025 that Tender Lite for Construction will be implemented from May 2025. MOF will be implementing Tender Lite for ICT contracts in phases from the second half of 2025, and details will be shared in due course. Under Tender Lite, there would be fewer contract conditions compared to typical tenders.

The streamlined set of contract conditions for Tender Lite aims to create a more gradual progression from Quotations (simple and few conditions) to Tenders (more and complex conditions), so that businesses which have difficulties in complying with the full Tender requirements now, can consider participating in Tender Lite first. This is to allow businesses easier access to smaller value Government Tenders and build their capabilities before competing for higher value Tenders.

Want to participate in Government Procurement ***Tender Lite*** opportunities, but don't know where to start? You can **(A) Search** for the opportunity listing or **(B) Browse** through the opportunity listing.

Frequently Asked Questions (FAQs)

1. What is Tender Lite?

Tender Lite is a sub-category of Tender with estimated procurement value not exceeding S\$1 million. Tender Lite aims to create a more gradual progression from Quotations to Tenders. Tender Lite has fewer and simpler conditions which are arranged into three distinct sections. Section (i) comprises standard contract clauses, Section (ii) comprises sector specific clauses and Section (iii) contains all other clauses specific to a particular tender.

You may find the Conditions of Contract for:

- a. Tender Lite (Goods and/or Services) at <https://www.gebiz.gov.sg/singapore-government-procurement-regime.html#additional-information>
- b. Tender Lite (Construction) at <https://go.gov.sg/bca-psscoc>

2. When is Tender Lite being implemented?

Tender Lite for general goods and services has been implemented from end Apr 2024. Tender Lite for Construction will be implemented from May 2025. It will be introduced to Infocomm Technology (ICT) in in phases from the second half of 2025, and details will be shared in due course.

3. What is the coverage of Tender Lite for Construction (a.k.a Tender Lite (Construction))?

Tender Lite (Construction) mainly covers construction works such as building, repairing or altering buildings or permanent structures. It excludes construction consultancy services which is concurrently undergoing a separate review. Tender Lite (Construction) has fewer and modified conditions to reduce administrative processes and ease contractors' cashflow.

You may find the simplified version of PSSCOC (i.e., PSSCOC-lite) intended to be used for Tender Lite for Construction on BCA's website in <https://go.gov.sg/bca-psscoc>.

4. What will be covered in Tender Lite for ICT?

Tender Lite (ICT) will be introduced in phases from second half of 2025, as it is still under review. We will provide further details in due course. If there are queries pertaining to Tender Lite for ICT, you may write to MOF QSM (MOF) Mof_QSM@mof.gov.sg.
